Bowling Green State University  
Department of Mathematics and Statistics  
Math 095X Intermediate Algebra  
Spring 2006

Instructor:  
Contact Information:  
Office Hours:  
Course Coordinator:  Stacie Posadny; staciep@bgnet.bgsu.edu

Course Description: Some or all of the following topics will be covered in this course: number systems, fundamentals of algebra, graphs and equations of straight lines, exponents, polynomial expressions, factoring, rational expressions, roots, the quadratic formula; applications

Attendance: Regular attendance and participation is expected. If you are unable to attend class, you are required to inform the instructor as soon as possible, preferably prior to the lecture by phone or by e-mail.

Homework and Quizzes: Each student is expected to complete all homework assignments, which will be assigned daily. There will be a practice sheet assigned once a week. A quiz will also be given weekly. There will be NO makeups on quizzes, homework, or practice sheets without prior approval from the instructor.

Tests: There will be three in class tests and a common final exam. Tests will NOT be able to be made up without PRIOR approval by the instructor.

The final exam will be cumulative and will feature questions on every topic from the entire semester. The final exam will be held during exam week at a date to be later determined.

Disabilities: If you have any documented disabilities with Disability Resources please contact your instructor so that they can make any special arrangements necessary.
**Academic Honesty:** Academic dishonesty will **not** be tolerated and will result in the punishments outlined in the student handbook.

**Grade Breakdown:** The grading scale will be the standard grading scale: 90-100 A; 80-89 B; 70-79 C; 60-69 D; below 60 F.
