

# LATTICE-ORDERED GROUPS AND MV-ALGEBRAS

A WORKSHOP FOR NEW FACULTY AND GRADUATE STUDENTS

**A NSF Sponsored Workshop**  
at Bowling Green State University

The logo for Bowling Green State University (BGSU) features the letters 'BGSU' in a bold, sans-serif font. The 'BG' is orange and the 'SU' is white, all set against a black rectangular background.

The workshop will consist of four mini-courses in the areas of lattice-ordered groups, residuated lattices, and MV- and GMV-algebras.

## { When

June 8th – June 12th, 2009

## { Where

Bowling Green State University  
Bowling Green, OH

## { What

A week long workshop aimed to integrate graduate students and new faculty on the recent breakthroughs of how the two branches of mathematics are similar in nature and techniques.

## { Who

The workshop is open to graduate students in any mathematical field or new faculty (recent PhDs) at a national mathematics program. We highly encourage members of under-represented groups to apply and participate.

## { Finances

The workshop will cover travel and lodging expenses of its participants as well as provide a per diem expense.

## { Conference Ord/OAL 2009

The 12th annual international Conference on Ordered Algebraic Structures is scheduled for the week following the workshop, and the participants will be provided the opportunity to participate in a panel discussion to share their experiences.
